MEMORANDUM FOR:

THROUGH:

SUBJECT: Unidentified Storage Buildings, North Korea

REFERENCE: Requirement No. NSA/SOC/R-83/69  
NPIC Project No. 250326

1. In response to the referenced requirement, a search of available photography within 5-NM of 14 preselected installations was conducted in order to determine the association of these areas with military, electronics, or SAM activity.

2. The 14 areas are covered on photography of fair-to-good interpretability and no association with SAM or electronic facilities can be established. The Nobugol Institutional and Storage Area reportedly has a military association, but this cannot be confirmed from photography.

3. The study reveals the following on each of the referenced installations:
- a. The installation at 38-52-50N 125-48-05E is a possible poultry/animal farm.
  - b. The installation at 39-02-00N 125-38-50E is a poultry farm (photos 1 & 2).
  - c. The installation at 39-08-40N 125-49-00E is a poultry farm (photo 3).
  - d. The installation at 38-46-02N 125-39-19E is a possible poultry/animal farm.
